

Cambodia Fiber Router SFP

Article Overview

SFP-compatible fiber routers are available in Cambodia through local distributors like Camstodian and MikroTik, supporting Gigabit fiber connections with flexible deployment options.

Local Suppliers and Distributors

- Camstodian ICT Hardware Provider: Offers a wide range of networking equipment, including routers and SFP modules, catering to both trade professionals and IT businesses in Cambodia and overseas .
- MikroTik Phnom Penh: Provides RouterBOARD, Cloud Core Routers, and high-performance network solutions with advanced RouterOS control, many of which include SFP ports for fiber connectivity .
- CCTI Asia: Supplies networking hardware including wireless access points and potentially SFP-compatible devices for business networks .

Recommended SFP Routers

- TP-Link Archer BE800: Features a 10G WAN/LAN combo port with SFPplus support, four 2.5G ports, and Wi-Fi 7 capabilities. It supports both fiber and copper connections, making it suitable for high-speed home or small office networks .
- MikroTik RouterBOARD and Cloud Core Routers: Many models include SFP ports for fiber uplinks, offering advanced routing features and RouterOS management for enterprise or ISP-level deployments .
