

Customized pricing for small electrical distribution boxes in China and Europe

Article Overview

Customized small electrical distribution boxes in China typically range from \$10 to \$150 per unit depending on specifications, volume, and OEM requirements, with European prices generally higher due to import costs and regulatory compliance.

Pricing in China

Chinese manufacturers offer flexible pricing based on customization, order volume, and technical specifications. Standard small distribution boxes for low-voltage applications (below 1000V) can start around \$10–\$30 per unit for basic models, while fully customized or smart boxes with features like IP-rated enclosures, modular busbars, or integrated smart meters can range from \$50 to \$150 per unit. Bulk orders often benefit from volume discounts, and many suppliers provide OEM/ODM services including logo embossing, tailored sizing, and material selection.

Customization Options

Customization can include:

- Size and layout adjustments to fit specific electrical loads or installation spaces.
- Integration of smart technologies for monitoring and remote control.
- Enhanced protective features such as waterproofing, dustproofing, or surge protection.
- Regulatory compliance for CE, ROHS, IK, and HF standards, which is crucial for Eur...
