

Fiber Optic Cable Hanging Hook

Overview

The Fiber Hook Pole Bracket, also known as a pole-mounted cable bracket or fiber optic cable hook, is a critical component for securing fiber optic cables. It is designed to provide a stable anchor point for cables, ensuring they remain organized and protected. Whether you need to mount cables. Efficient and Labor-saving --- This high-altitude optical cable hook can greatly improve the working efficiency, under the same working environment, the working efficiency is 5 times more than the traditional manual hooking, which greatly reduces the working intensity of workers. Anchor and suspension brackets and hooks materials: The brackets, hooks and other accessories are all passed lab test, so they can service in bad. We supply Doc's Industries superior J-Hooks to provide cable support for all data communication and low voltage cables; for a variety of trades and uses, such as telecom, electrical, fibre optic, CAT5, voice/data cables and fire protection cabling. Find out more options and available MOQs for bulk orders here.
