

Fiber optic cable 6e

Overview

Cat 6e was introduced in the mid-2000s with a potential bandwidth up to 500 or 550MHz, improved shielding compared to standard Cat 6, and possible support for 10 Gbps over shorter distances. Interestingly, “Cat 6e” was never an official standard. From Structured cabling, Fibre optic cabling, Wi-Fi installation and support, to Access Control, CCTV, Cable Management and White Label Services. Whether you're in education, retail, manufacturing, healthcare, emergency services, travel and logistics, civil engineering or events and hospitality we. Cat6 is the abbreviation for Category 6 network cable. We offer over 1400 products on e. So you can choose the suitable network cable according to the cabling length and network speed you need. Both transmission media have their particularities, benefits and limitations that make them more suitable for different types of applications. 6 Fiber Fiber Optic Cables are available at Mouser Electronics.
