

Gigabit optical modules supplied by manufacturers

Article Overview

Leading manufacturers of gigabit optical modules include InnoLight Technology, Coherent, Cisco Acacia, Broadcom, Accelink, Eoptolink, Hisense Broadband, Intel, NeoPhotonics, Source Photonics, Hisilicon, and Molex.

Key Global Manufacturers

InnoLight Technology – Based in Suzhou, China, InnoLight is a global leader in optical transceivers, offering a full range of modules including 100G, 200G, 400G, and 800G. They are particularly strong in AI GPU clusters and cloud hyperscaler deployments, with a leading market share in high-speed optical modules . Coherent (formerly II-VI/Finisar) – Headquartered in Pennsylvania, USA, Coherent manufactures a wide spectrum of optical components and transceivers, from VCSEL/EML laser chips to finished modules. They serve telecom and datacom markets and are known for coherent optics and silicon photonics solutions . Cisco Acacia – Specializes in high-performance optical modules for networking and data center applications, often integrated into Cisco's own networking equipment. Broadcom (Avago) – Offers optical transceivers and integrated photonics solutions, supporting high-speed networking and data center infrastructure. Accelink Technology – A Chinese manufacturer focusing on cost-efficient, reliable optical transceivers and modules for telecom operators and data centers, including 100G to 800G solutions . Eoptolink – Provides a range of optical modules and components, serving both domestic and international markets. Hisense Broadband, Intel, NeoPhotonics, Source Photonics, Hisilicon, Molex – These companies supply optical modules across various speeds and form factors, in...

Article Content

Top 15 Fiber Optic Manufacturers (2026 Global Ranking)

An authoritative 2026 guide to the top 15 fiber optic manufacturers — from Corning and Prysmian to Fujikura and LS Cable — with

Optical Transceiver Market: Top 10 Manufacturers Ranked

Optical transceiver market leaders: the top 10 manufacturers powering 400G and 800G modules for hyperscale data

Fiber Optic Transceivers Manufacturer & Supplier

SHENGWEI supplies certified fiber optic transceivers from our 20-year factory. We offer SFP, SFP+, and QSFP28 modules with

10 companies in the optical transceiver industry chain 2024

To help you choose the best partner, this article will analyze and introduce 10 companies in the optical transceiver

Innovation Trends in OSFP Optical Module: Market Outlook 2026-2034

The OSFP optical module market is booming, driven by high-bandwidth demands in data centers and HPC. Explore

What Are The Types Of Gigabit Optical Modules

The single fiber optical module is very suitable for long-distance backbone and man applications, and its wiring cost

10 companies in the optical transceiver industry chain 2024

The rapid development of AIGC has promoted the demand for 800G optical modules, and the entire industrial chain

Optical Networking Solutions Supplier | Solid Optics

Solid Optics is a global supplier of optical networking solutions, offering transceivers from 1G to 400G and CWDM & DWDM

Cisco 10 Gigabit Modules

Discover Cisco 10 Gigabit Ethernet Modules, offering high-speed, reliable connectivity to enhance network performance and scalability.

LightCounting :: The TOP10 Transceiver Suppliers for 2024

Sales of publicly traded manufacturers of optical components and modules reached just \$8.9 billion in 2021. The net income of the

Top 100 Optical Transceiver Manufacturers in 2026

Key takeaway GrenTech is a leading optical transceiver manufacturer that specializes in the R& D and

Top 10 Optical Module Brand & Manufacturers

Find the Top 10 Optical Module brand,manufacturers,and exporters. Get the contact details and addresses of companies producing

Gigabit Optical Modules

Founded in 2004, wintop is a China National High-Tech Enterprise specializing in the R& D, manufacturing, and sales of industrial

Gigabit SFP modules with fiber optic modes » buy

It converts the network device's electrical signals into optical signals (for fiber) or enables the transmission

SFP Modules

Moxa's small form-factor pluggable transceiver (SFP) Ethernet fiber modules provide 10 Gigabit, Gigabit, and Fast Ethernet in order

SFP Optical Transceiver Products | Syrotech Networks

Our high-performance SFP fiber modules meet industry standards, ensuring seamless integration across diverse network

Cisco SFP Modules for Gigabit Ethernet Applications Data Sheet

This data sheet describes the benefits, specifications, and ordering information for the Cisco SFP Modules for Gigabit

Top 10 Global Optical Modules in 2023: Chinese Manufacturers

Recently, LightCounting, a market research institution in the optical communication industry, released the latest version

Search for Electronic Component's Price& Stock

WHY US? Digbom draws thousands of daily visitors, facilitating easy access for engineers, purchasers,

Optical Modules Market Research Report 2034

Optical Modules Market Outlook 2025-2034 The global optical modules market was valued at \$14.8 billion in 2025 and is projected to

Optical Transceiver Manufacturer,Types and Characteristics of Common ...

Four common Gigabit SFP dual-fiber modules: In order to better distinguish 1.25G SX, 1.25G LX, 1.25G EX and 1.25G ZX optical

SFP Optical Transceiver Products | Syrotech Networks

Syrotech Networks is market leader in manufacturing and supplier of sfp module, optical transceiver, sfp port, sfp optical

SFP Modules

This category encompasses a wide range of hot-swappable transceivers, ranging from standard 1G SFP to high-speed 10G SFP+

AOC, DAC, Fiber Optic Transceivers | One-Stop Shop for Datacenter

10Gtek's automatic assembly line, assures the consistency of manufacture under the process of laser cutting, aluminum shielding

Optical Transceivers | Coherent

Optical Transceivers Get the pluggable module performance you need from the manufacturer of choice for

Optical Transceivers

Optical transceivers have revolutionized data transmission, providing high-speed, long-distance, and secure data transmission

Wholesale Optical Transceivers Module | 100G QSFP28, 40G QSFP

Shop high-speed optical transceivers from Unitekfiber. We offer 100% compatible 40G, 100G, and 400G QSFP-DD modules for data

GBIC Modules

We offer a small choice of standard GBIC modules as a complement to our fiber-optic based products. These modules come from

The latest ranking of the TOP10 global optical module suppliers ...

A few days ago, LightCounting, a well-known market research organization in the optical communication industry,

Cisco Optics | Transform Your Network

Get the highest quality, performance-leading optical transceivers for any network architecture. Find the

Optical or copper SFP modules

Offering convenience and scalability, fiber optic transmitters can be hot-plugged, allowing to install

10 Best Fiber Optic Manufacturers for 2026

Discover the best fiber optic manufacturers globally, offering cutting-edge multimode and single mode fiber solutions.

Topstar -

Topstar -- Your Excellent One-stop Optical Network Transceiver Manufacturer in the World Topstar is a leading optical modules
