

High-efficiency UPS system in Malaysia

50kW

Article Overview

Several high-efficiency 50kW UPS systems are available in Malaysia, including Schneider Electric Galaxy VS, Delta DPH series, and Norden Ultra Power series, offering modularity, redundancy, and energy-saving features.

Schneider Electric Galaxy VS 50kW UPS

The Galaxy VS 50kW, 400V 3-phase UPS is designed for edge, small, and medium data centers, as well as critical commercial and industrial infrastructure. It supports up to 5 smart modular high-capacity battery strings, allowing customizable runtime, and includes N+1 redundancy with an additional power module. This UPS emphasizes high efficiency and low total cost of ownership, and comes with a 5x8 start-up service. Schneider Electric also focuses on sustainability through extended product lifetimes and recyclability in Malaysia .

Delta DPH 50kW UPS

The Delta DPH series offers high AC-AC efficiency up to 96.5%, with an ECO mode reaching 99%, providing significant energy cost savings. Its modular and hot-swappable design ensures minimal downtime and easy maintenance. The system supports parallel expansion up to 8 units, allowing scalability up to 4.8MVA. A 10-inch color touch screen enables local UPS management, and environmental monitoring (security, water, fire, temperature) can be integrated. This UPS is suitable for high-availability applications requiring redundant components and dual CAN bus for max...
