

How to install wire mesh cable trays offline

Article Overview

Wire mesh cable trays can be installed offline by carefully planning the layout, securing mounting brackets, assembling tray sections, and organizing cables for efficient and safe cable management.

Step 1: Gather Tools and Materials

Before starting, ensure you have all necessary items:

- Materials: Wire mesh cable trays, mounting brackets, connectors, fasteners, cable supports, grounding kits if required.
- Tools: Drill, screwdriver, measuring tape, level, safety gear (gloves, goggles), and any anchors suitable for the mounting surface .

Step 2: Plan Your Layout

- Measure the installation area and mark locations for mounting brackets.
- Consider cable paths, bends, and branches to ensure accessibility and proper ventilation.
- Decide on tray height and spacing to accommodate cable quantity and weight .

Step 3: Install Mounting Brackets

- Secure brackets at the marked locations using screws or anchors appropriate for t...
