

Huijue Trough Cable Tray Costs

Article Overview

Huijue trough cable trays are available from Chinese manufacturers and distributors, with prices varying based on material, size, customization, and order volume.

Price Overview

Huijue composite and trough-type cable trays are typically sold wholesale, and pricing depends on factors such as tray dimensions, load capacity, material (steel, galvanized, or composite), and whether the trays are customized or factory-direct . While exact prices are not publicly listed, suppliers often provide tiered pricing based on order volume, and minimum order quantities (MOQ) may apply .

Purchasing Options

- **Factory Direct:** Buying directly from manufacturers ensures competitive pricing and access to customization options, including lightweight or frequency-compliant trays .
- **Wholesale Platforms:** Websites like Alibaba and Made-in-China offer a wide range of trough cable trays, including mesh, ventilated, and fully enclosed designs suitable for offices, factories, or data centers .
- **OEM Customization:** If your project requires specific dimensions or load capacities, OEM suppliers can provide tailored solutions, often at higher prices but with precise specifications .

Factors Affecting Cost

- **Material and Coating:** Hot-dip galvanized steel or composite materials increase durability but may raise the price
