

Italian Maintenance-Free Cable Tray Supports

Article Overview

Italian maintenance-free cable tray supports are designed for durability, corrosion resistance, and easy installation, suitable for industrial and commercial electrical systems.

Overview

Italian manufacturers such as Schiavetti Tekno (Spina Group), FEMI-CZ, Eurotray, and GroupSumi produce high-quality cable tray supports that are engineered for long-term performance with minimal maintenance . These supports are compatible with various cable tray types, including ladder, perforated, closed-bottom, and wire-mesh trays, and are designed to withstand heavy loads, thermal expansion, and environmental stress .

Types of Supports

- Wall Supports: Fixed directly to walls, providing a stable anchoring point for permanent installations .
- Hanging Supports: Suspended from ceilings or beams, height-adjustable, ideal for installations without wall or floor drilling .
- Floor Supports: Provide a robust base for cable trays on the floor, protecting cables from moisture and mechanical damage .
- Right Angle Supports: Secure trays at right angles to walls or structures, ensuring stability ...
