

Price of Custom-Made Hot-Dip Galvanized Waterproof Cable Trays

Article Overview

Custom-made hot-dip galvanized cable trays typically range from \$50 to \$200 per meter depending on size, load capacity, and customization options.

Pricing Overview

The cost of hot-dip galvanized cable trays varies based on several factors, including tray type (ladder, perforated, or solid), dimensions, side rail height, and maximum working load. Standard widths range from 50mm to 600mm, lengths from 2m to 8m, and side rail heights from 10mm to 500mm . Customization, such as specific lengths, perforation patterns, or heavy-duty load capacity, can increase the price. Typical per-meter pricing for industrial-grade trays falls between \$50 and \$200, with higher-end trays designed for heavy loads or harsh environments costing more .

Market and Supplier Insights

- Global trends indicate rising demand for durable, corrosion-resistant cable management solutions, particularly in industrial, energy, and infrastructure projects .
- China, Vietnam, and India are major manufacturing hubs offering competitive pricing for custom trays, often with OEM services and bulk order discounts .
- Minimum order quantities (MOQ) usually start around 100 pieces for custom orders, with delivery times ranging from 7 to 20 days depending on stock availability and customization
