

Roadside Double-Door Fiber Optic Distribution Box

Overview

This Fiber Optic Distribution Box is essential for your network. You get protection from harsh elements. It features eight mid-span ports and sixteen drop cable exits. The design includes four. Connectix FTTX Street cabinets are our British manufactured external cabinet solutions designed for deployments within Fibre-to-the-Home (FTTH) single dwelling and rural broadband, Fibre-to-the-Business (FTTB), ISP new and retro build developments and FTTX infrastructure projects. Manufactured by. Our Outdoor Fiber Termination Boxes are specially designed to house and protect the various amounts of simplex or duplex adapters that you need for FTTH, FTTB, or FTTC. Easily connect your SC or LC adapters into an Outdoor Fiber Enclosure and be able to split out your bulk fiber in up to 16. With the changing seasons presenting new challenges for your fiber optic network to overcome, Primus Cable offers Outdoor Fiber Distribution Boxes that are designed and manufactured to endure harsh environmental conditions.
