

Steady-state spectral analyzer manufacturer direct sales

Article Overview

Manufacturers like SIGLENT Technologies and RIGOL offer steady-state spectrum analyzers through direct sales, distributors, and representatives worldwide.

Key Manufacturers

SIGLENT Technologies is a Shenzhen, China-based company that designs and manufactures electronic test instruments, including spectrum analyzers, vector network analyzers, and RF signal generators. They sell products via a direct sales force, distributors, and resellers, with additional offices in the USA (Solon, Ohio) and Europe, ensuring global accessibility and support . RIGOL Technologies, established in 1998, also manufactures spectrum analyzers, oscilloscopes, and RF signal generators. Their products are available through direct sales and international distributors, serving commercial, industrial, and IoT applications . Other notable manufacturers with direct sales options include:

- Keysight Technologies (Santa Rosa, CA, USA) – Offers high-performance RF and microwave spectrum analyzers for research, defense, and communications applications .
- Anritsu (Morgan Hill, CA, USA) – Provides spectrum analyzers for mobile radio, aerospace, and electronic testing .
- Berkeley Nucleonics Corp. (San Rafael, CA, USA) – Supplies RF spectrum analyzers for laboratory and industrial use .
- Rohde & Schwarz (Munich, Germany) – Known for precision RF and microwave spe...
