

Three-year warranty explosion-proof outdoor cabinet

Overview

These cabinets with explosion relief wall panels release when air pressures reach 20 psf inside the chamber to prevent a damaging explosion. They have air vents, spill containment sumps, generous room for drum storage and durable construction. These cabinets are engineered to provide safe and compliant storage solutions for a variety of hazardous materials. Constructed with fully welded Galvanneal 18 Gauge Steel, these cabinets feature a double wall with a 1.5" air space gap, providing high resistance to corrosion and ensuring durability. Justrite's Outdoor Flammable Storage Cabinet provides a safe, cost-effective way to store large amounts of flammable, combustible, and corrosive chemicals outside—away from buildings—reducing fire and explosion risks. Reduced Maintenance Frequency Durable construction and materials mean fewer. Laboratory Furniture, Lab Furniture, Lab Bench, Fume Hood, Lab Equipment, School Laboratory Equipment, School Laboratory Table, School Furniture, Island Bench, Lab Cabinet Basic Info. It also saves valuable indoor space.
