

Which company manufactures the optical modules

Article Overview

Leading companies that manufacture optical modules include Zhongji Innolight, Eoptolink, Huagong Tech, Accelink, Linktel, CIG Shanghai, Topstar Technology, II-VI, Finisar, and Xutron Technology.

Key Manufacturers and Their Focus

Zhongji Innolight is a global leader in high-end optical communication modules, providing 100G, 200G, 400G, and 800G optical modules for cloud data centers and telecom networks, including 5G fronthaul and backbone solutions . Eoptolink Technology specializes in high-speed optical modules, including point-to-point and PON modules, with a portfolio exceeding 2,800 products. They focus on silicon photonics and 800G modules for data centers and telecom applications . Huagong Tech, Accelink, Linktel, and CIG Shanghai are major Chinese manufacturers producing a wide range of optical modules and transceivers for data communication, telecommunications, and enterprise networks . Topstar Technology offers optical transceivers such as SFP, QSFP28, CFP, and 800G modules, designed for high-speed data transmission in data centers and telecom networks . II-VI and Finisar are global leaders in optical modules, with II-VI acquiring Finisar to strengthen its market position. Xutron Technology also ranks among the top suppliers, sharing leading market share in optical modules .

Latest Ranking Of Top 10 Global Optical Module Suppliers

Recently, LightCounting, a well-known market research organization in the optical communication industry, released

Top 10 Leading Companies in the Global Optical Transceiver Industry

The company is pushing boundaries in coherent optics, pluggable modules, and optical transport innovations.

Optical Modules Market Size, Growth Trends & Forecast

Strategic alliances between optical module manufacturers and semiconductor companies facilitate the integration of

LightCounting :: The TOP10 Transceiver Suppliers for 2024

Sales of publicly traded manufacturers of optical components and modules reached just \$8.9 billion in 2021. The net income of the

LightCounting :: May 2024 Optical Vendor Landscape

Report Abstract This report provides a holistic analysis of the global communications industry, during a

Latest Ranking Of Top 10 Global Optical Module Suppliers

The latest data shows that Xutron Technology and II-VI acquired Finisar, the leading optical module company, and

Top 10 Optical Module Brand & Manufacturers

This section provides a list of the top 10 Optical Module manufacturers, Website links, company profile, locations is provided for each

Top Camera Modules Companies | Camera Modules Industry Players

The group engages in the design, research, development, manufacture, and sales of optical and optical-related products.. The

Top 100 Optical Component Manufacturers in 2026 | ensun

How does ensun find these Optical Component Manufacturers? ensun uses an advanced search and ranking system capable of

Optical Component Startup Tracker

The company designs and manufactures optical chips for transceivers, LiDAR, and other applications using planar

10 companies in the optical transceiver industry chain 2024

To help you choose the best partner, this article will analyze and introduce 10 companies in the optical transceiver

34 Optical Transceiver Manufacturers in 2026

34 Optical Transceiver Manufacturers in 2026 This section provides an overview for optical transceivers as well as their applications

109 Fiber Optic Cable Manufacturers in 2026

This section provides an overview for fiber optic cables as well as their applications and principles. Also, please take a look at the list

Top 10 Optical Module Manufacturers' Annual Reports ...

By 2025, its 800G optical module shipments will exceed 5 million units, making it the global "shipment champion" in

Top 10 Leading Companies in the Global Optical Transceiver Industry

Sumitomo Electric is a major Japanese conglomerate known for its telecom fiber optics and high-speed modules. It's

DLP-OMM-SEARCH Design tool | TI

DLP Products optical module search tool (DLP-OMM-SEARCH) is a list of production optical modules with detailed

Top 10 Optical module manufacturers in the World 2025

Are you curious about which optical module manufacturers stand out in today's competitive market? Understanding the top factories

Optical Modules Market Research Report 2034

Optical Modules Market Outlook 2025-2034 The global optical modules market was valued at \$14.8 billion in 2025 and is projected to

Top Optical Transceiver Manufacturers List (2024)

The optical transceiver industry constantly evolves, with new companies appearing almost daily. This list of optical

Top 15 Fiber Optic Manufacturers (2026 Global Ranking)

An authoritative 2026 guide to the top 15 fiber optic manufacturers — from Corning and Prysmian to Fujikura and LS Cable — with

Global Optical Module Suppliers TOP10 Ranking Changes

Looking at the recently released 2023 Global Optical Module TOP10 list, Chinese companies even occupy seven

Top 10 Optical Transceiver Manufacturers in the World (2026)

To truly optimize your optical budget, you need to know the actual manufacturers driving the industry. Here are the Top 10 Optical
